EDUCATION

BSc (Hons) Computing (Network Systems)– Second Upper Class

2023

Greenwich University

This comprehensive program has equipped me with specialized knowledge and skills in network systems, enabling me to understand the intricacies of designing, implementing, and managing robust networks. Through the course of my studies, I have gained expertise in various networking technologies, protocols, and security measures. My hands-on experience with real-world projects and industry-relevant coursework has honed my problem-solving abilities and critical thinking, making me well-prepared to tackle challenges in the dynamic field of network systems. I am eager to leverage my education and passion for technology to contribute effectively to the growth and success of any organization I become a part of.

It is an Applied General qualification which allows candidates to demonstrate key transferable study skills, mathematical competency and applied cultural understanding, especially in the area of digital culture, as well as an understanding of the essential concepts of computer programming.

WORK EXPERIENCE

System Developer

Jan, 2024 – Present

Smart Zambia Institute , Lusaka

I am currently employed as a System Developer at Smart Zambia Institute. In this role, my primary responsibility is to contribute to the development and maintenance of various systems, utilizing my expertise in JavaScript, Python, and MySQL.

As a system developer, my tasks include coding and implementing software solutions, troubleshooting and debugging applications, collaborating with cross-functional teams to define, design, and deliver new features, and ensuring the functionality and efficiency of the systems.

I also engage in ongoing communication with project stakeholders, providing regular updates on the progress of development projects and addressing any issues or concerns that may arise. The dynamic nature of my role requires me to stay abreast of industry trends and advancements in order to contribute effectively to the continuous improvement of our systems.

Being entrusted with the development of critical systems, I handle confidential information with utmost care, ensuring security measures are in place to safeguard sensitive data.

Records Officer

Jun, 2021 – Jan, 2024

Government Printers , Lusaka

I was employed as a Government Printer Records Officer with the Ministry of Transport and Logistics in the Zambian Civil Service. Our principal responsibility was to facilitate the printing demands of all government ministries, parastatals, and departments.

Within my role as a records officer, my tasks included, but were not limited to, answering incoming phone calls and other forms of interaction, managing the file system, including information recording when necessary, updating papers, maintaining records, and word processing. I also kept in touch with my clients by regularly updating them on the status of their projects and resolving any issues that occurred. Due to the sensitivity and confidentiality of some of the documents I frequently handled, I learned to use extreme caution and discretion in my work.

TV Presenter

Jan, 2021 – Mar, 2021

DSTV , Lusaka

I hosted a television program titled Star Kooka, which was commissioned by DSTV for their at the time new channel Honey. Star Kooka is a traditional food competition that focuses on Zambian cuisine. We filmed some episodes, but the show has been shelved for the foreseeable future.

TV Presenter

Apr, 2017 – Mar, 2018

Fresh TV, Lusaka

I was a TV presenter at local TV station called Fresh TV in Lusaka, Zambia. I presented a TV show called Foodies– It showcased the very best food spots all over Lusaka, Zambia. I worked there for over a year and I recorded one season of the show.

Content Creator and Founder of Temzie Bites

Oct, 2015 – Oct, 2019

Self Employed , Lusaka

I established and designed a website, a YouTube channel, and a Facebook page in 2017 to showcase Zambian cuisine to the rest of the globe. I've managed to build a moderately substantial audience over time.

YouTube: 5,756 Subscribers and over 580,134 views

Facebook: 6100 followers and counting.

WORK EXPERIENCE (CONTINUED)

Sales Assistant
Riverbed Limited , Lusaka

Jun , 2015 – Jan, 2016

In my previous role, I provided advisory services to clients on various products and services. I addressed customer inquiries, offering quotes, and explaining details such as pricing, discounts, credit terms, warranties, and delivery dates. My responsibilities included assessing customer needs and desires, assisting in the preparation of sales contracts, and managing cash and check payments. Additionally, I played a crucial role in organizing and scheduling appointments for superiors with potential clients. This experience allowed me to develop strong customer service and organizational skills in a dynamic work environment.

Intern
Bongo Hive , Lusaka

Jan, 2014 – May 2015

I was an IT intern with a year-long stint at Bongo Hive, dedicated to honing my coding skills and gaining insights into office management. Throughout this experience, I immersed myself in various coding projects, applied hands-on techniques, and contributed effectively to the IT team. Beyond coding, I also delved into office management functions, enhancing my organizational and collaborative abilities.

This internship provided me with a dynamic learning environment, allowing me to swiftly adapt to new technologies and apply my knowledge in practical scenarios. I am now well-equipped to transition my comprehensive internship experience into a professional setting, having contributed effectively and excelled in both individual and collaborative work environments.
